the liver and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50 cents, and that is returned if it doesn't give perfect satisfaction. Guaranteed by Chas. Rogers, druggist.

## NEW SCHEME FOR REPAIRS

Partial List of Streets to be Improved is Presented to the City Council.

### THE OWNERS TO BE NOTIFIED

All Other Improvements Must Be Petitioned For--Proceedings of the Council Last Night

The street committee of the council last night presented a partial list of the streets which will be improved during the coming summer thirteen improvements are mentioned in the list. The report of the committee was in accord with the plan recently adopted of legislating during the winter and making improvements during the spring and summer. The list presented last night was as follows:

Duane street, from Thirty-sixth to Thirty-eighth.

Forty-fifth, from Commercial to Bond.

Commercial, from Forty-third to Forty-fifth.

Forty-third, from Franklin avenue to Commercial.

Thirty-seventh, from Duane to Commercial.

Third, from Franklin avenue to Duane.

Fourth, from Bond to Commercial, and from Astor to Front.

Ninth, from Bond to Franklin.

Ninth, from Franklin to Jerome.

Exchange from Seventh to Ninth.

Grand avenue, from Ninth to Eleventh.

Thirty-sixth, from Franklin to Duane.

Franklin, from Adair line to Thirty-sixth.

Mr. Burns addressed the council relative to the matter of street improvement, suggesting the advisability of causing official notice of the determination of the council to make the improvements to be made by publication in all the city papers, and notifying property owners that no other improvements would be made unless petitioned for. He believed the scheme an excellent one, both so far as the council is concerned and so far as the property owners are concerned.

City Engineer Tee said that, as soon as the full list of streets to be improved was completed, he would examine and report fully on the grades, so there would be no trouble on that score.

Mayor Suprenant suggested that the matter go over until next meeting, when the committee could complete its report and designate all of the streets to be improved. The mayor's suggestion was adopted.

### A Delicate Subject.

The Third ward delegation was again called upon last night to defend itself, and more especially to provide protection against the enemies of the notorious Franklin avenue improvement. The delegation was there with the goods and won the argument in a canner. The matter came up when Mr. Burns' ordinance for the improvement of the avenue was read the first time. One of the members from the first ward Lebeck, moved that an investigation be made and that the council be acquainted with the amount of money the city would be required to pay for the improvement. He declared himself flatly against the expenditure of city funds to build streets in the east end and threshed over the old straw that was handled by the council some months ago.

Messrs. Belland and Nordstrom replied, the former asserting that the anxiety of the First ward member for the welfare of the city was now much more marked than when Bond street was extended into the west end at a cost to the city of \$11,000. Mr. Nordstrom said he was satisfied the city would not be "stuck" for more than \$2500 in the east end.

Mr. Burns asked unanimous consent for suspension of the rules and final passage of the measure, but Mr. Lebeck voted in the negative, delaying action for two weeks.

### Fire Ordinance Passes.

The fire ordinance, which regulates the size and number of entrances and exits for public buildings, provides for fire escapes and fire-proof roofs on all buildings, and requires owners hereafter to secure permits before undertaking the construction of new structures, was brought up for final passage. Mr. Belland had several objections to make. He said the measure provided a uniform size for entrances in all buildings. He believed the ordinance properly covered small buildings, but thought larger buildings should be required to have larger entrances. He opposed that provision

requiring fire-escapes to come to within eight feet of the walk or street, saying it would merely have a tendency to encourage burglary. Mr. Hansen, father of the bill, attempted no reply to the Third ward councilman, but instead called for a vote. The measure was passed as it stood, Belland, Nordstrom and Robinson voting against it. From what Mayor Suprenant said last night, it is not unlikely that he will return the bill without his approval.

### To Widen Duane Street.

A resolution offered by Mr. Hansen, and providing for the widening of Duane street, was adopted. The street is to be widened between Thirtieth and Fourteenth, where there is at present no connection. A strip 20 feet wide will be required on each side of the short block. Condemnation proceedings will be necessary to the improvement and property will be taken from lot 5, block 82, and lot 3, block 117. Nordstrom was the only member to oppose the resolution.

### Other Matters Acted Upon.

An ordinance accepting the improvement of Duane street from Twelfth to Thirtieth was passed under suspension of the rules.

The ordinance authorizing the committee on public property to advertise for bids for the present city hall site was brought up for third reading and final passage. There were no dissenting votes.

The ordinance increasing the salary of Captain or Police Gamal from \$75 to \$85 was passed.

The following resolutions were adopted: Directing the board of assessors to make an assessment for the improvement of Duane street from Twelfth to Thirtieth (the improvement cost \$1400); declaring the intention of the council to improve Exchange street from Thirtieth to Fourteenth; declaring the intention of the council to improve Duane street from Seventeenth to the west line of Shively's Astoria; declaring the intention of the council to improve Ninth street from Bond to Franklin avenue, except the crossing at Commercial.

The following ordinances were passed under suspension of the rules: Establishing the grade of Exchange street from Thirtieth to Fourteenth; confirming the assessment levied for the improvement of Franklin avenue from Ninth to Twelfth; confirming the assessment for the improvement of Exchange from Fourteenth to Seventeenth extending to May 1 the time for completion of the improvement of Sixteenth street from Commercial to Irving avenue.

A communication from the Van Dusen Investment Company asking the council to consider the advisability of improving the road leading to John Day was referred to the street committee, as was the petition from residents interested asking that the repair be made. The petition of T. S. Simpson for permission to erect bill boards on Commercial street will be considered by the street committee.

A remonstrance against the proposed dumping ground at the foot of Third street was presented. The property owners say the dumping ground would be a menace to the health of the community. The matter was referred to the building property committee.

The offer of Joseph Schamberger of \$12,000 for the city hall site was, upon the recommendation of the committee on public property, filed.

Charles Gibbons was granted a half month's pay for extra service performed during his incumbency as janitor. The board of assessors recommended confirmation of the assessments for the improvement of Exchange street from Fourteenth to Seventeenth and Franklin avenue from Ninth to Twelfth.

City Engineer Tee submitted plans for the Franklin avenue improvement in East Astoria.

A certificate of approval of the improvement of Duane street from Twelfth to Thirtieth was submitted.

The last week of our great annual sale closes Saturday evening, February 6.

C. H. COOPER.

Only one remedy in the world that will stop itching of the skin in any part of the body. Doan's Ointment. At any drug store. 50 cents.
